

Power Inverter 150 Watt 12V

Model : 1504501223

Power like at home use your electrical AC loads at the cigarplug car, lorry, truck, boat, camping, outdoor caravanning, camper, camping or Solar
Articledescription: Powerinverter

Perfect use even for sensitive products like your notebook, laptop, computer, small TV, radio, games, DVD, video, light, fanPlaystation, X-Box and so on and so on. Useable for all electrical devices with a max. load of 150 Watt. Also able to serve your 230Volt chargers from your digital cameras, camcorder, mobilphone or other portable charger systems.

Technical Details:

- 150 Watt continue power
 - 450 Watt surge power (25ms)
 - 230V AC, 50 Hz Outputpower
 - modified sine wave
 - Efficiency ca. 90%
 - Standby current max. 0,36A
 - newest Soft-Start-Technology
 - Battery low alarm 10,5V Batteryvoltage
 - Battery low shutdown at 10V Batteryvoltage
 - Overvoltage protection 16V DC Input voltage
 - Output short shutdown
 - input polarity by fuse
 - overtemperature shutdown after buzzer keep sounding for one minute
 - controlled by Microcontroller
 - on / off switch
 - Material of housing: Aluminium
 - Dimensions: H=72mm, W=72mm, L=135mm
 - 0,6kg weight (without packing)
 - certificates (e-mark) allow to use the power inverter in a car, boat or other vehicle even if you drive.
 - CE, certificate according the newest norms
 - 24 Month warrenty
 - Service and garantee in our workshop
- Delivery contains:

- Powerinverter 150Watt/450Watt
 - DC-cable with cigarplug
 - Manual
 - Invoice (for EU-Members with VAT-No. excl. the German VAT)
- Available from stock
